SUMMARY

A motivated and results-driven final-year B.Tech. Interested in Python and seeking a challenging position in a reputed organization where I can leverage my technical skills, innovative mindset, and academic knowledge to contribute to the company's growth while gaining valuable experience. I consider these attributes crucial in any work environment and am excited to put them into practice in real world scenarios.

EDUCATION

Nalanda Institute of Technology — Chandaka, BBSR
Bachelor of Technology in Computer Science — CGPA: 8.04/10 — *September 2021 – June 2025*

SGM Higher Secondary School — Mendhasala, BBSR
+2 Science — Percentage: 81% — *July 2019 – April 2021*

Saraswati Shishu Vidya Mandira — Sijua–Patrapada, Odisha
Class X (CHSE) — 80% — *2019*

PROJECTS

Forever.in (Major Project) | *MongoDB, ExpressJS, ReactJS, NodeJS* — Feb 2025 – May 2025
- Collaborated in a 4-member team to design, develop, and deploy a full-stack e-commerce platform.
- Built responsive React.js interfaces for product catalog, cart management, and checkout workflow.
- Integrated RESTful APIs to dynamically fetch and render product data from the backend.
- Worked closely with teammates to debug, optimize, and ensure smooth frontend-backend communication.

Personal Portfolio Website | *ReactJS, CSS* — 2025
- Built a fully responsive multi-page portfolio using ReactJS, featuring Home, About, Projects, Latest Works, Certificates, and Contact pages.
- Developed reusable components and clean layout architecture for scalability and maintainability.
- Applied modern UI styling with CSS, including gradients, animations, and optimized responsive design.
- Deployed the website to showcase frontend development skills and continuous project improvements.
